

Industrial Organization and Public Policy II (Econ 846-001)

Prof. Alex Tabarrok

Carow Hall

Email: tabarrok@gmu.edu

Tel: 703-993-2314

Web Page: <http://mason.gmu.edu/~atabarro/>

Office Hours: If you are on the Fairfax campus, feel free to drop by any time or call for an appointment. Email is a good way to contact me. **All students should periodically check their GMU email account for important information.**

Office Hours: T-Thr: 10-12, 2-4

Textbooks: Carlton and Perloff's Modern Industrial Organization is the best undergraduate IO book and Jean Tirole's [The Theory of Industrial Organization](#) (MIT Press) is the best graduate book, albeit now quite dated. I recommend both books, especially if you will write the IO prelim. Paul Klemperer's book [Auctions: Theory and Practice](#) is a very nice introduction to the topic – note, however, that most of the papers in the book are available online if you want to save some money. Also, although I will be dipping into all books, some subjects that I will cover are not covered in either and I do not follow either book systematically. The books are recommended - you may choose not to purchase and instead work from articles and class notes.

Grading: The largest share of your grade will be determined by a paper. Ideally, the paper will serve as a draft for a dissertation chapter and eventually a publication. I am looking for a 10-20 page, well-written theory or empirical paper in IO. You may work in a group of two or at most three but note that you cannot all have the same dissertation chapter! Papers are due last day of class – no exceptions. You are encouraged to *think about topics early* and see me for some possible guidance.

You will also be required to make a 15 minute class presentation on the subject of your paper.

IO Paper 35%

Presentation 10%

Homework 25%

MidTerm/Final 30%

My personal grading scale is as follows. Note that sometimes the university does not allow certain grades such as Ds – in which case you will receive the next highest grade below D. Plus-Minuses for B through D grades, where allowed by university policy, will occur at the upper and lower 2.5% level. For example, 70-72.49 will be B-, 72.5-77.49 B, 77.5-79.9 B+ and so forth.

A+: 90%+

A: 85-89%

A-: 80-84%

B: 70-79%

C: 60-69%

D: 50-59%

F: 50% -

Disability Policy: If you are a student with a disability and you need academic accommodations, please see me and contact the disability Resource Center (DRC) at 703-993-2474. All academic accommodations must be arranged through that office.

Topics:

Review of Monopoly

Tirole, 65-69

CP, 87-105

Price Discrimination
