## THE GLOBAL AFFAIRS MAJOR

### *Core Coursework*

The Global Affairs major promotes a multidisciplinary perspective through six required core courses (18 credits) drawn from areas including Conflict Analysis and Resolution, Cultural Studies, Economics, Environmental Science and Policy, and Government.

<http://globalaffairs.gmu.edu/programs/la-ba-gloa/requirements/>

### *Concentration*

All students select a concentration that focuses on a global theme or a world region. The best time to begin coursework for your concentration is once you've completed most of your general education courses, GLOA 101, and any other prerequisites. You can declare a concentration by visiting your advisor to plan a schedule and fill out the requisite paperwork.

<http://globalaffairs.gmu.edu/courses-and-sections/undergraduate/concentration-courses>

### *Internships and Study Abroad*

We strongly encourage you to participate in a study abroad program or internship to complement your Global Affairs coursework. Talk to your advisor about receiving credit towards the major for study abroad and internships.

<http://globalaffairs.gmu.edu/undergraduate/internships> • <http://gloaled.gmu.edu>

### *Foreign Language Requirement*

The Global Affairs major requires a total of 18 foreign language credits. If you are taking courses at Mason numbered 110-202, you need intermediate proficiency (202) plus 6 more credits. If you are transferring language courses numbered 101-202, you need intermediate proficiency (202) plus 6 credits. The additional 6 credits can be earned in any foreign language at any level.

- If you received language credit through AP scores, consult your degree evaluation to determine your remaining language requirement. <http://admissions.gmu.edu/exams/>
- If you are a heritage speaker, consult the Department of Modern & Classical Languages for information on proficiency and placement tests. <http://mcl.gmu.edu/placement-testing>
