◆ Koreans and foreigners who do not hold a certificate of negative PCR test result for COVID-19 (including those who hold a non-conforming certificate) shall be restricted from getting on board the aircraft. (Regardless of vaccination status)

* In the case that those submitted negative PCR test results are found to be substandard after arrival, Korean nationals and long-term foreign residents (must posses more than one of the following documents: residence card, overseas Korean resident card, permanent resident card, or ID card of a diplomatic mission in Korea: refer to Q.19) must receive a PCR test result and quarantine at a designated facility (required to pay a daily charge of 120,000 KRW while in the facilities). If you are fully vaccinated, you are able to be exempt from quarantine after your PCR test result is confirmed.

※ As to the entrants who are exempted from submitting a certificate of negative PCR test result, refer to ‘FAQ related to Submission of a Certificate of Negative PCR Test Result’ in the announcement.

◆ Instructions on how to use the pre-entry quarantine information system

- Complete implementation for travelers arriving at International Airport, with future plans of extending to ports.
- Q-CODE system users are not required to submit a health status questionnaire or a special quarantine report (verified by the system)

※ Details, including who can use the system and how to use it, are available at https://cov19ent.kdca.go.kr

◆ Conduct a Rapid Antigen Test (RAT) on the sixth or seventh day following the arrival date.

- (RAT) By self-examination or visit medical facilities or screening clinics

* However, entrants from overseas aged 60 and over can undergo PCR testing at screening clinics of public health centers

- Maintain the current status for persons in facility quarantine (Conduct a PCR test on the sixth or seventh day)

◆ Quarantine exemption for people who have completed vaccinations

**Definition of individuals who have completed vaccination**

- (Those who completed vaccination in Korea) Refers to an individual who has completed the second vaccination as of the date of admission into Korea or who has completed the third (booster) vaccination following the second vaccination and can verify the immunization history
  - 14 to 180 days following the second dosage of a vaccination (1st dose for Janssen) that has been approved in Korea
- (Verification) After putting information into the pre-entry system for quarantine information (Q-CODE), check vaccination history using the given QR code.

- Those who have completed vaccination in Korea are immediately enrolled in the pre-entry system (You do not have to attach a certificate)

- (Those who completed vaccination outside of Korea) Refers to an individual who has received the second vaccination from outside the country as of the date of entrance or who has received the third (booster) vaccination following the second vaccination and can verify the immunization history.

  - 14 to 180 days following the second dosage of a vaccine (1st dose for Janssen) that has been approved by WHO

- (Verification) After putting information into the pre-entry system for quarantine information (Q-CODE), check vaccination history using the given QR code.

  - Those who have completed overseas vaccination are required to attach a certificate of immunization history to the pre-entry system

**Symptomatic Entrants**

- **Holders of a Quarantine Exemption Certificate**

- As to the details, the 'Guidelines for Issuance of Quarantine Exemption Documents to Overseas Entrants' of the Central Disaster and Safety Countermeasure Headquarters shall be followed.

- The case of an entrant who holds an A1 (Diplomatic affairs), A2 (Government affairs), or A3 (Treaty visa, or for whom a ‘quarantine exemption document’ is issued by a Korean embassy (or the related ministry) before the entry, etc.

- For all the entrants to whom the SOFA is applied (US Armed Forces in Korea, related persons), PCR tests shall be carried out in a camp of the US Armed Forces in Korea.

- Those who have completed vaccination among holders of Visa A may submit to a PCR test on their first day in the country at the same location as those who have completed vaccination as indicated above.

- Vaccination certificates can be printed from 'Vaccination Aid Homepage (nip.kdac.go.kr), or government 24 (www.gov.kr)' and vaccination certificates can be issued only in a Public Health Center.

- Transportation: You can take public transportation from the airport to your home.
