Degree Notes

THIS IS A SAMPLE SCHEDULE. Students are not expected to hold themselves to this example. This should be used as a framework for the completion of undergraduate coursework; the University Catalog is the official reference for program information.

You need a C or better in each course in order for it to count for your major. You need 120 credits for your B.A. degree, with 45 upper-division credits and 30 required credits for your Chinese concentration.

Students in Foreign Languages are encouraged to minor in a complementary subject during their time at GMU.

While study abroad is not required, it is highly recommended.
