

## Immigrants Born in Latin America in Prince George's County, MD & Washington D.C

### Immigrants born in Latin American Countries in the United States

Note: This data was prepared by the George Mason University Institute for Immigration Research (IIR), 2022. This data is displayed at the state level. Maps are based on IPUMS National Historical Geographic Information System: Version 16.0. ACS 2015-2019 dataset. Minneapolis: University of Minnesota, 2022.

### 2019 NUMBERS AT A GLANCE

- **44,032,500:** Approximate number of immigrants living in the U.S. (14% of the population)
- **17,899,600:** Approximate number of immigrants born in Latin American countries in the U.S. (41% of the U.S. immigrant population)
- **285,000:** Approximate number of immigrants born in Latin American countries in Maryland (31% of the state's immigrant population)
- **92,300:** Approximate number of immigrants born in Latin American countries in Prince George's County, MD (44% of the county's population)
- **31,700:** Approximate number of immigrants born in Latin American countries in Washington, D.C. (33% of the state's immigrant population)
- **6%:** Estimated increase in the number of immigrants born in Latin American countries in the United States in the past 10 years
- **XX:** Rank of [STATE] among the 50 states and the District of Columbia in terms of immigrants as a percentage of the state's total

All analysis in this fact sheet is based on source data from the U.S. Census Bureau American Community Survey, 2015-2019 distributed through IPUMS-USA, University of Minnesota, [www.ipums.org](http://www.ipums.org), unless otherwise noted.

Please note that the terms "immigrant" and "foreign born" are used interchangeably throughout this fact sheet. Foreign born refers to individuals who are not a U.S. citizen at birth or who were born outside the U.S., Puerto Rico or other U.S. territories and whose parents are not U.S. citizens. The foreign born may include naturalized U.S. citizens, Legal Permanent Residents, temporary residents, refugees and asylees, and others. Additionally, native born includes those who are U.S. citizens at birth, those born in the United States, Puerto Rico, or other U.S. territories, and those born abroad to a parent who is a U.S. citizen.

<b>Median Household Head Income</b>	<b>\$54,978</b>	<b>\$58,404</b>	<b>\$58,489</b>	<b>\$43,178</b>

This data was prepared by the Institute for Immigration Research (IIR). 2022. Immigration Data on Demand (iDod). Source: IPUMS USA: Version 11.0 [American Community Survey (ACS) 2015-2019 5 year averages]. Minneapolis, MN: IPUMS, 2021. <https://doi.org/10.18128/D010.V11.0>

All analysis in this fact sheet is based on source data from the U.S. Census Bureau American Community Survey, 2015-2019 distributed through IPUMS-USA, University of Minnesota, [www.ipums.org](http://www.ipums.org), unless otherwise noted.

For factsheets that examine populations at the household level, please note that a household includes all the people who occupy a housing unit. A native-born U.S. citizen household is defined as a household which is headed by a native-born U.S. citizen, regardless of the immigration status of the spouse. Conversely, an immigrant-headed household is defined as a household which is headed by a foreign-born individual, regardless of the immigration status of the spouse. For fact sheets that examine total household income, please note that the total annual income of all members in the household is included in the analysis. For fact sheets that examine personal income, personal income refers to total personal income earned on an annual basis.

For fact sheets that examine poverty status, please note that it excludes individuals who live in group quarters and those who are under the age of 18 with no family.

IIR fact sheets are created following standard definitions established by the U.S. Census Bureau. Please consult <https://www.census.gov/topics/> for clarification as to important distinctions such as those between industry and occupation.

**Immigrants Born in Latin America in Prince George's County, MD & Washington D.C**

**Institute for  
Immigration Research**

**Immigration Data on Demand (iDod)**

The goal of iDod is to connect people with customized data about immigrants in particular regions or sectors of interest. This data provides insights into the vital contributions immigrants make to the economy and society.

**The Institute for Immigration Research (IIR)**

The IIR's mission is to produce valid, reliable, and objective multidisciplinary research on immigrants and immigration to the United States and to disseminate this information through peer-reviewed academic journals, as well as in print and digital formats that make this research easily accessible to policy-makers, the media, the business community, and the general public. The Institute for Immigration Research is a joint venture between George Mason University and the Immigrant Learning Center, Inc. (ILC) of Malden, MA.
