Course Description:

This course is a 3-credit semester program for students of Spanish who have successfully completed SPA 101 course or possess a basic knowledge of the Spanish language. The course focuses on developing the four basic skills in language necessary to communicate with native Spanish speakers—listening, speaking, reading, and writing. It also includes a more specific vocabulary and a larger variety of grammar tenses for oral and written communication, exploring aspects of Spanish and Latin American culture and society. In addition, "youtube" videos, games, music and listening files will be used to enhance development of communication skills.

Course Objectives:

Language Objectives:

- Understand longer-length sentences, more elaborate questions, statements, and high-frequency commands.
- Apply the vocabulary and expressions learnt in class together with a mixture of grammar structures to express opinions, describe situations or tell experiences.
- Be able to use the different present, past and future tenses (regular and irregular verbs) and conjugate the different verbs in the right form.

Communication Objectives:

- Participate and interact in basic communicative exchanges, answering and asking questions, making statements, formulating commands, expressing agreement or disagreement, as well as initiating a dialogue.
- Be able to write an email, informal letters or posting entries in a blog about experiences and recommendations.
- Get used to real life situations (role-plays) related to shopping, restaurant, making appointments, phone calls, going to the doctor's, etc.

Cultural Objectives:

- Understand different aspects of Spain and Latin America culture and society.
- Discover the festivals, traditions, gastronomy, monuments and historical aspects of the Spanish speaking countries.

Course Requirements:

Dedication, interest, and cooperation are necessary to succeed in this course and will also contribute positively to the progress of the entire class. To make sure learning Spanish is fun and valuable for everyone, students should commit and comply with the following requirements:

Mason Diversity Statement:

George Mason University promotes a living and learning environment for outstanding growth and productivity among its students, faculty, and staff. Through its curriculum, programs, policies, procedures, services and resources, Mason strives to maintain a quality environment for work, study, and personal growth.

An emphasis upon diversity and inclusion throughout the campus community is essential to achieve these goals. Diversity is broadly defined to include such characteristics as, but not limited to, race, ethnicity, gender, religion, age, disability, and sexual orientation. Diversity also entails different viewpoints, philosophies, and perspectives. Attention to these diversity aspects will help to promote a culture of inclusion and belonging, and an environment where diverse opinions, backgrounds and practices have the opportunity to be voiced, heard and respected.

The reflection of Mason's commitment to diversity and inclusion goes beyond policies and procedures to focus on behavior at the individual, group, and organizational level. The implementation of this commitment to diversity and inclusion is found in all settings, including individual work units and groups, student organizations and groups, and classroom settings; it is also found with the delivery of services and activities, including, but not limited to, curriculum, teaching, events, advising, research, service, and community outreach.

Acknowledging that the attainment of diversity and inclusion are dynamic and continuous processes, and that the larger societal setting has an evolving socio-cultural understanding of diversity and inclusion, Mason seeks to continuously improve its environment. To this end, the University promotes continuous monitoring and self-assessment regarding diversity. The aim is to incorporate diversity and inclusion within the philosophies and actions of the individual, group, and organization, and to make improvements as needed.

¡Ánimo y buena suerte! ^^
