Internship Orientation (Mandatory):

Students must participate in pre-orientation (workshops) for internship.

Participation and Preparation

The student must formulate four learning objectives and turn in monthly timesheets signed by the supervisor. The supervisor will evaluate every attendance, preparedness, and internship performance. Appropriate attire and professional communication skills are expected.

Midterm Workshop

In the middle of each internship, a supervisor and students need to have an online workshop. Students report their working conditions, accomplishments and challenges, and specific job skills during this workshop, and a supervisor provides constructive feedback to continue the internship successfully.

Final Presentation

Each student needs to present their findings in the workplace and reflection.

Final Report (Teaching Report)

Each student is required to turn in a final written report. The written report is to be a minimum of 4 to 5 double-spaced pages of college-level work. The report is due on the last scheduled day of classes in the semester schedule.

The report to contain (but isn’t limited to) the following:

1. A brief overview of what you did during the internship period.
2. Comments on your original learning objectives and a review of how successful you realized them.
3. A brief discussion of problems encountered during your fieldwork and how you tried to solve each.

Special Syllabus Supplement for COVID-19:

In the interest of everyone’s safety, students and faculty must follow these guidelines.

1. Use the basement entrance to enter and exit Mason’s building. Your temperature will be screened each time you enter the building. Allow additional time before class to complete the entrance screening procedure. Carry your student ID card with you at all times and be ready to show it when you enter and exit the building. Do not prop doors or let others enter the building through doors on the ground floor.

2. Wear a face mask at all times. Remain 6 feet apart from others. Clean your seat and desk space with disinfectant wipes before you begin class. Use hand sanitizer regularly and avoid shaking hands or other forms of physical contact. Do not share pens, pencils, or other personal items. Limit your use of the elevators, and use stairs to travel between floors of the building. Students are expected to purchase their own masks for personal use. Disinfectant wipes and hand sanitizer will be available in each classroom.

3. Classrooms are marked to indicate appropriate seating to allow for social distancing. Only sit in allowable seats, and maintain current set-up of classroom furniture. If you are asked to re-arrange classroom furniture by your professor for in-class exercises, return furniture to its original position when you are finished.

4. Observe these rules at all times during the class period and while in Mason’s building or other public areas of the campus. This includes during class breaks, in small group work (in or out of class), meetings with your professors during office hours, tutoring sessions at the Academic Resource Center, socializing in common areas, or any other activities on campus.

5. Make sure windows and doors remain open during the class period to promote circulation of outside air. Classrooms without windows have mechanical systems that vent air, but doors should be kept open at all times.

6. The safest option for studying is to study alone in your dorm room or at home. If you must study in the building, alone or in groups, observe these rules at all times.

7. All faculty and students must abide by these rules in the classroom. If you see others who are not observing the rules outside the classroom, you may report this to your instructor, student affairs or academic affairs.

8. Do not enter the Mason building or come to class if you have symptoms such as fever, chills, sore throat, persistent cough, shortness of breath or other respiratory difficulties. If you must miss class for this reason, send an email immediately to the professor prior to the beginning of class. You will not be penalized for missing class for this reason, but you may be asked to provide documentation that you sought medical diagnosis or treatment. You are responsible for making up any missed assignments or tests as a result of your absence.

9. Students who come to class with visible signs of illness will be asked to leave the classroom immediately and seek assistance from the IGC Health Clinic. Faculty will report your name and symptoms to the Office of Student Affairs (mksa@gmu.edu) to confirm that you have sought medical assistance.

10. Failure to comply with any of these guidelines may result in disciplinary action through the Student Code of Conduct.
